鸟瞰图2

This aerial rendering shows the proposed building complex from a high-angle perspective. The building is a large, multi-story structure with a complex, organic footprint, featuring several interconnected volumes and flat roof sections. It is situated at the intersection of a wide, multi-lane road and a smaller street. The surrounding area is landscaped with numerous trees, green spaces, and parking areas. Other buildings are visible in the background, providing context for the project's location.
